Scheduled for completion in early 2023, this home is our Clovelly design, representing quality at an affordable price. Features two bedrooms, two toilets, two showers. Kitchen overlooks the dining area that opens out onto the undercover alfresco area. Lounge is separate and will be a beautiful light filled room because it is north facing with this location. This is a fully detached home and will include a single garage with remote door and direct access to kitchen area. You also will have the peace of mind of the added security and village support that is a benefit of being part of this friendly community and the enjoyment and use of all the wonderful community facilities including community centre, bowling green, gym and indoor pool. *images for illustrative purposes
