Scheduled for completion in early 2023, this home is our Borwick design...the most popular for those that like true open plan living in a low maintenance design. Features formal entry hall, two bedrooms, both with ensuites. Living areas and kitchen extend across the rear of the home in a beautiful, airy open living format that really take advantage of the lovely north facing aspect. The kitchen and living areas will open out onto the undercover alfresco area, also north facing for plenty of light. This is a fully detached home and will be located on a corner allotment, meaning no neighbour on one side. You also will have the enjoyment and use of all the wonderful community facilities including community centre, bowling green, gym and indoor pool.????????????????????
