A residence that recognizes the desirability of delivering low-maintenance ease but remembers the vital importance of providing vibrant character, this three bedroom home's welcoming spaces enjoy a sought after setting literally across the street from the entrance to Newport Lakes Reserve. Precise landscaping, a wide paved drive and double carport precede inviting proportions featuring the natural beauty of polished hardwood floorboards. The design's family friendly focal point is a living and dining area of ideal size and style, accompanied by an open-plan kitchen where a walk-in pantry, broad benches, stainless steel appliances and glass splashbacks offer enduring quality and capability. Built-in robes enhance all three bedrooms that surround a central bathroom while a separate laundry incorporates the convenience of a second toilet. Under-cover decked dimensions and a brilliantly easy to maintain backdrop create an ideal conclusion to a desirable corner address featuring second frontage to Laurie Street and proximity to schools, Newport station and Mason Street's shops – as well as the huge advantage of its almost instant access to Newport Lakes Reserve.
