This property has the lot, being a whopping 7361m² or just over 1.8 acres with a lovely cleared area but also a enchanted creek bush area, in addition legal access can be gained off Stephenson Street to provide two entrances. This is a perfect opportunity to embrace East Coast living at its best, with walking tracks along the foreshore to a playground and BBQ. The property is a fisherman's dream, as it is only a short stroll down to the Narracoopa Jetty, or alternatively an ever shorter drive to the local boat ramp.
