Wednesday, 7 February 2024

154 Mcdonald Road, Jimboomba, Qld 4280

Area: 6 m2

Type: Residential Land

Jeroen Waalder
1300853045

Buyers from \$579,000

Here's your golden opportunity to purchase a brilliant large acreage block. Situated at the end of a cul-de-sac with unparalleled views. This block is calling for someone to build their dream home here. The block itself is heavily treed. From the road it does slope down, so a pole home would be ideal here saving on earthworks as it will feel like you're living amongst the trees. There is a summer creek running through the middle of the property. This is an outstanding block for those who want peace, privacy and to be one with nature. Bring your walking shoes and bottle of water and explore the land. If your lucky enough you'll spot some of our local wildlife here as well. FEATURES- 6.56 ha or 16.2 acres- Non flat block but there are areas to build a home/shed- City views- Situated at the end of a quiet cul-de-sac- Minutes to Jimboomba shops, schools and facilities Contact Jeroen for more information.
