\$744,500

Peacefully located in Westbury, a welcoming and beautiful village with thriving community spirit, is this solidly built home with magical gardens. This is a unique opportunity to purchase in this tightly held area, close to the historical Village Green. Beginning life as a vacant block, the current owners have built an architecturally design home on 4950sqm of amazing gardens and hand crafted stone walls. High Points- Solid 3 bedroom home with second bathroom and the ability to extend into the garage for extra room.- Magical gardens with water features and a mad made small dam.- A functional floor plan with timber features.- Polished timber floorboards, timber kitchen and both wood and reverse cycle heating.- Entertaining area overlooks lovely and well-maintain gardens and dam. Vegetable gardens. While the garden is large the current owner has it to a stage where there is minimal maintenance, and it is not overwhelming.- Second double garage with carport.- The property has both tank and town water.- Located in hugely popular community of Westbury which has a wonderful vibe.- Close to wonderful pub, community centre, outdoor walking tracks, cafes, distillery, supermarket and the cutest wine bar.
