With beautiful views of the adjoining valley this 3.3 acre property has the perfect setting. The house completes itself with a large solar system and great foundations. The property also has a double garage, a large 30,000ltr rainwater tank and a community bore connection. The house internally will have to be fully renovated, so with this in mind you will need to bring your creative mind, builder or renovator with you as it has not been lived in for sometime.
