Light-filled and spacious, this attractive single-level home dazzles with its contemporary style and designer touches, promising an enviable lifestyle in a sought-after neighbourhood. The generous lounge room is set beneath a towering ceiling, accompanied by a dining zone and a designer kitchen boasting a stone island breakfast bar, a full complement of premium Smeg appliances that include twin pyrolytic ovens, a gas cooktop, an integrated coffee machine, a Billi hot/cold water tap and never-ending storage. The secluded master bedroom ensures a good night's sleep, enhanced by a fitted walk-in robe, a timelessly elegant ensuite with an oversized rain shower, a dual stone-topped vanity with sconce lights and French doors opening to a private terrace. At the rear, there are two additional robed bedrooms with access to the deck, serviced by a modern spa bathroom. Stretching outdoors from the living areas and kitchen, stacker doors open to the manicured courtyard with a large covered deck, featuring all-weather cafe blinds and Bose outdoor speakers - offering a sensational place to relax and entertain. Amongst the highlights are an alarm system, ducted heating, refrigerated cooling, hardwood floors, a garden shed, watering system and a double auto garage. In an amazing location, a quick walk from bus and tram services on Burwood Highway, surrounded by quality schools both private and public, moments from Deakin University, Burwood Heights Shopping Centre, Burwood Brickworks and Burwood One, and a short distance from major arterials, The Glen, Forest Hill Chase, a variety of local parks, walking trails and golf clubs.
