\$1,550,000

Live on the cutting-edge in the heart of the Sandbelt in this architectural 3 bedroom, 2.5 bathroom, Pennydale property! Beachside of the Highway in sight of the tall-trees of Victoria Golf Club, this boutique-built dual zone home maximises north sun and garden outlooks with a bright home-office (or overflow 4th bedroom) overlooking a fenced front yard, wide-windowed 3m-ceilinged living-dining opening through bi-folds to decking in a lawned rear garden, and a light-filled lounge below the soaring vaulted-ceiling of the upper-level. Distinctively architectural with a statement 3.7m peninsula-bench and tall north-facing window-splashback stretched out in the state-of-the-art Bosch appliance kitchen, this north-side design features a bespoke butler's pantry (with drinks fridge) beyond 'secret' cavity-sliders, and a sleek stone-finished laundry (with a designer dog-bed) opening securely to the rear yard. Starring magazine-quality bathrooms (including main with egg-bath, ensuite with double-shower, and both with sleek wash-plane vanities), this architectural home brings together latest finishes and highest technology. Featuring snowy-white stone benchtops on icy-white cabinetry, and American Oak floors alongside velvety greige carpets, the home has climate control over two zones, an alarm and video intercom. Even the ducted vacuum system is optioned up, with a kitchen kick-sweep function! Set in landscaped bamboo-edged surrounds with two-car auto-gated parking including a wide auto-garage (with deep storage, work-bench and through-access to additional boat, bike or trailer parking), this beach-side home is almost Course-side too, surrounded by the world-class Sandbelt Golf Courses, a walk to Southland and its station, and minutes to bay beaches and Bayside café-society.
