Low maintenance and already updated meaning you can move straight in without needing to do a thing, accommodation spans one well-planned level and includes a huge open plan living/dining zone (split system) with plenty of room for relaxation, dining and easy entertaining. A Bosch oven and stainless steel dishwasher are highlights of the chic & stylish gourmet kitchen which is topped with warm timber benchtops and features lots of cupboard and preparation space – there is also the convenience of a laundry area and direct access to the generous & extremely private courtyard where an alfresco deck takes care of summer catch-ups with friends. Beautiful wide-board flooring flows to the two robed bedrooms – one with split system – while a stunning bathroom with decadent rain shower and carport complete a wonderfully carefree package.
