Occupying a prime position for an effortless and ultra-convenient lifestyle, this spacious courtyard apartment dishes up a practical floorplan, desirable security and sought-after low maintenance. A smart and easy-care first home, this is also an affordable addition to your property portfolio that boasts an address within a highly-regarded beachside suburb. Beyond the peace of mind of a secure video intercom and gated entry, the accommodation is wide and welcoming with an open plan living and dining zone feeling even more spacious thanks to the connection with the surprisingly generous alfresco courtyard. The peaceful bedroom also has views of this outdoor setting and offers considerable built-in wardrobing along with semi-ensuite access to the contemporary two-way bathroom, while yet more living space could be the ideal study or work-from-home zone. With a modern two-tone kitchen dishing up ample cupboard space and sleek stone benchtops, the stress-free abode offers the comfort of split system heating/cooling plus a coveted secure car space and storage cage. Literally steps to shops & eateries and mere metres to bus stops for a quick trip to Highett station, restaurants and bars, it is also within easy reach of beautiful beaches. For more information about this smart lifestyle abode, please contact Noel Susay at Buxton Hampton East on 0450 069 506
