From \$650,000

This size home is a rare finding. A special property for the large or blended family boasting six bedrooms and three bathrooms. This quality Plunkett home is eight years young and the owners are now empty nesters and ready to downsize. Constructed of hardi-plank and Colorbond roofing, the actual home is over 300sqm and the block 671sqm. The theatre room, office and study nook are all extra features over and above the open plan living, kitchen and dining area. The rear door of the double garage opens into the kitchen which in turn opens out onto the undercover patio and easy-care gardens. A 6m x 5m powered shed is situated at the rear of the property. This terrific package is not to be overlooked and is situated in a quiet street opposite a local park. Book your private viewing with Graham.
