\$2,215,000

Epitomising desirable contemporary design beyond an Edwardian-inspired façade, this four bedroom plus study, three bathroom home is a meticulously built new abode within a stroll of Northcote's best features. Conveying clear dedication to quality from first glimpse, its generous dimensions, quality finishes, soaring ceilings and abundant natural light combine to create a compelling haven. Sun-filled social spaces include a retreat and expansive gourmet kitchen/dining/family, with floating entertainment unit, bar and butler's pantry, matched with 900mm Miele cooking appliances, abundant soft-close cabinetry and a long waterfall island bench. A vast glass aspect links to a private entertainer's courtyard, where alfresco dining will be a pleasure in smart, easily maintained surrounds. Beautifully proportioned bedrooms host excellent storage and two glamorous fully tiled ensuites unite with a stylish family bathroom and powder room. Heating, cooling, security features, double glazing, great storage, driveway parking and a carport add even more appeal. Surrounded by shops, transport options, cafes and restaurants, it's situated near All Nations Park and schools, within the esteemed Northcote High zone.
