## **Last of the BIG Blocks!**

652m2...Wow! This is the big block you have been looking for, you just don't see them come along often enough to pass up this golden opportunity.

Positioned in the highly popular and completed Liliun Estate we are proud to offer you this remarkable opportunity to secure your future dream homes location.

The land is irregular in its shape but still allows a highly functional depth and more than generous frontage to accommodate a broad range of modern home designs on offer whilst still giving you full use of the land to add a swimming pool plus a generous outdoor living area and still having some gardens and lawn area to enjoy!

With the lands location just seconds away from the wetlands and it's walking trail and access to an abundance of schools and early education centres this is a place to call home and grow into.

For a copy of the land plans or to discuss taking the next steps to secure this block call your land expert today - Brad Ryan.
