Prized by generations of one family over many years, this gorgeously presented three bedroom plus studio home is an elevated beauty in the Coonans Hill vicinity. Radiantly reenvisioned in recent years, the freestanding home enjoys stylish spaces and leafy outlooks. Seamlessly transitioning from one to the next, key spaces include a living room, dining room, gourmet kitchen, superbly wide entertainer's deck and landscaped garden. Equipped with a walk-in pantry, soft-close storage, integrated Asko dishwasher and Fisher & Paykel cooking appliances, including a 90cm gas cooktop, the kitchen can't help but impress. Restful bedrooms each offer a walk-in or built-in robe and the large, versatile studio presents everything from work from home to fourth bedroom and rumpus or retreat possibilities. Chic and fully tiled bathrooms include an ensuite, while heating/refrigerated cooling, hardwood floors, stone surfaces, security features and a deep garage also impress. Benefitting from Strathmore College zoning, it's desirably situated near transport, cafes, local shops, primary schools and convenient CityLink access.
