## Contact agent

Inspection via private appointment only, please contact Aaron Froling. This is one property that must be seen to be believed. Every room in the house has a magnificent view of the spectacular flourishing gardens. This blue chip and tightly held location is hard to come by. It is a stately three bedroom, light filled home maintained in impeccable condition. Originally designed for wheelchair access, all hallways and doors in the home are extra wide. The master bedroom is huge with triple wardrobe and large ensuite with tiled frameless shower, solid timber vanity, gold coloured fittings and skylight. The large L shape lounge and dining area are flooded with natural light and contain an air conditioner and gas wall furnace heater. The kitchen is made of exquisite solid timber and appears to be brand new and looks over Frankston Golf Club aka "Millionaires Club". There is a single car garage and single carport plus wide verandas to front and rear also including a full operational watering system front and back. Your own private botanical gardens awaits!
