Crafted to preserve peninsula-style living for the everyday, this timeless family home boasts a thoughtful choice of architectural detail and a considered indoor/outdoor footprint on the banks of 'Sweetwater Creek'. A prestigious cul-de-sac address promises privacy within one of Frankston South's most cherished positions, where framed treetop aspects allow a playful synergy between neutral interiors and serene alfresco entertaining. Balancing poolside beauty with soaring ceiling heights, a formal entertaining space with a gas fireplace introduces the home's collection of living zones where expansive windows place a focus on the in-ground pool and established landscape found beyond. An open lounge with wood fireplace and separate rumpus with bar extends entertaining alternatives, whilst a zoned dining room presents equal appeal as a home office. Placed in the heart of it all, an open meals and stylish kitchen enjoy a backdrop of landscaped garden where practicality presents with luxury stone benchtops, a Fisher & Paykel dual-drawer dishwasher, Westinghouse wall oven and breakfast bar. Each with built-in robes, the four-bedroom 2-bathroom accommodation includes a master bedroom with walk-in robe, ensuite and direct indoor spa access, and a central family bathroom. Extending summertime dining to the outdoors, a north-facing alfresco sits amongst sweeping gardens to provide an alternative to poolside entertaining, whilst the 2,882sqm (approx.) of land unveils an enchanting opportunity for little adventurers with picnic options creekside. Met with gas ducted heating, gas fireplace, split-system heating and cooling garden irrigation and ample off-street parking, this FHSZ/DPSZ home presents a sanctuary of space and seclusion whilst remaining within close proximity to Mount Eliza Village, Frankston's major retail hub, and Woodleigh School - Minimbah Campus
