\$520,000

The luxury of its land size and the beauty of its direct border with Bluegum Park immediately highlight the appeal of this impeccable, original home. An attractively landscaped front garden and a rear garden where the depth is enticing and the dimensions provide access to the park surround a residence that has been immaculately maintained and perfectly preserved throughout. Elevated and inviting behind the balcony entrance, the living room's welcoming proportions lead to the separate kitchen/dining area's bright spaces, accompanied by abundant light and garden sights. Completely functional and totally user-friendly, the kitchen's options for a contemporary update when so de-sired illustrate the exceptional potential upside of this rewarding address. Three bedrooms arranged around a spotless central bathroom contribute classic comfort to a home that matches traditions with temptations and includes a convenient separate laundry. The secure single garage, huge under-house storage and additional off-street parking further enhance this property while the backdrop's established lawns, productive vegetable and fruit tree beds and gateway to Bluegum Park create an exceptional conclusion close to Youngtown Primary School, Kings Meadows shopping and easy travel into - and out of the city.
