\$740,000 - \$810,000

This wonderful Western red cedar residence in picture-perfect parkland surrounds is an enviable escape from the hustle and bustle of daily life. Ideally situated only 400m from Mount Dandenong township, and referred to by current owners as a treehouse retreat, this property is primed to offer a relaxed and refined way of life. The wrap-around verandah that frames this split-level home allows for leafy views throughout the primary level with high ceilings and large windows. Here residents will enjoy a comfortable lounge with quality carpet and cosy wood fire, and an open plan dining area and kitchen with new flooring, timber cabinets, and quality appliances. On the bedroom level, there is a clever open plan laundry, bright bathroom with soaking tub and timber benchtop, and 3 spacious bedrooms with floor to ceiling windows and quality carpet. There is an abundance of storage offered by several robes and linen presses throughout. Outside, the under-house workshop with power and water opens options for extension. The sealed drive with single carport, paved firepit area, and pathways directly into parkland and Olinda Creek are ideal. Inspection will impress so join us for a tour today.

- 876sqm (approx.) property within walking distance of shops, transport, cafes, and restaurants
- Abundant wildlife and direct access to Olinda Creek and parkland walking trails
- Wonderful Western red cedar home with beautiful outlooks
