This impressive family home, positioned at the end of a court, has spectacular views to the Coral Sea and back towards Bowen. There are three roomy bedrooms plus a study in this double storey home. Downstairs offers a stunning kitchen with island bench and beautiful tiles in the living areas. The dining area and family room, plus a study are also downstairs. Upstairs features another air conditioned living area with sliding glass doors leading to a large undercover decking area capturing Whitsunday Shores with water views extending to the islands. The main bedroom is extra large with a good sized walk in robe and spacious ensuite. There are two other bedrooms with built in robes, plus a main bathroom with separate shower and bath. Plenty of cupboards upstairs for linen storage. There is also an undercover patio to the side of the house from the downstairs living area for the morning cuppa or family barbecue. A double remote garage with additional undercover parking with an extra wide driveway from the street is just another feature in a long list. The man of the house will be sure to be impressed by the big shed and there is also a big concrete pad for parking your boat or caravan or just more vehicles. This home is a joy to inspect and the views will impress too.
