\$570,000

Lovingly cared for and as sweet as they come, this gorgeous home is ready for one lucky buyer to call their own. Boasting three generously sized bedrooms and a comfortable living and dining space, there's a real spaciousness to this home that must be seen to be appreciated. The bathroom and separate toilet, separate laundry and central kitchen are all impeccably well kept, while the raked ceilings and potential to expose the hardwood timber floorboards underneath the carpet are a real feature of this wonderful home. Stepping outside to the tandem carport, this space could also double as a fantastic entertaining area to host friends and family, while the sunroom on the Northern side of the home is a beautifully warm spot to sit and overlook the garden during winter. An incredible bonus is the huge workshop/storage space under the house, equipped with a concrete floor, shelving and power. Close to all the wonderful amenities of Lismore and in a flood-free location, this adorable home is bound to suit a large range of buyers. Be quick and call Troy and Jack from Elders Alstonville before it's gone!
