**\$601,000**

Patrick Kenny proudly introduces what is arguably one of the most beautiful homes in the older Gordonvale area. This stunning low set Queenslander is located in a beautiful part of Gordonvale in a family friendly street. The home has the charm and character of yesteryear yet is combined with the attributes of a modern day build. • Four generous sized bedrooms all with built in robes • Stunning kitchen with an island servery, four door pantry, dishwasher • Six split system air conditioners • Plaster internal walls, bi-fold doors opening out to the patio • Two separate living areas ( sunken lounge & dining room) • Tiled floors throughout the home (the kitchen and upper dining area has timber slate floorings not tiles as the internet photographs indicate) plus raked ceilings in the living area • Extra large bedrooms with built in robes • Remote tandem garage, fully fenced • Full length patio area with an enclosed laundry • Large 6m x 6m double bay shed plus a 6m x 8m demountable shade shed or under cover parking for two • Wide side access, beautiful established gardens • Fully fenced with two lockable points of entry • A wonderful neighborhood to have children grow up in • 6 klwt solar panels • Underground water and power to the shed but not connected • A stand alone bar
