The owners of this home are immaculate, loving and caring and the story of who they are is truly represented in the way this home is presented. Good vibes, plenty of glazing with natural light. Sensible, homely spaces with a lot of storage. With a home such as this it is hard to pick the hero area. In saying this, it is impossible to not fall in love with the outdoor area. With an A frame ceiling, characteristic led light, fully concreted and outdoor blinds this really is another large indoor/living zone for all year use. The layout caters for multiple families and is very functional and low maintenance. There is a double carport leading onto a single garage and a sewing/study/teenagers retreat. All very well thought through. The garden is planted beautifully and includes a workshop, garden sheds and rear lane access. The sliding gate at the front secures the yard and offers more privacy.
