With such a huge demand for rental properties in the area, living on site while you build is the your best option! This great property set on a fully fenced, flat, half acre block features a large studio apartment with huge kitchen that can be lived in permanently or used as accommodation while you build your new home at the front of the block. A 2 storey home would get sea and Island views from the top level as can be seen in the photos. With a/c, ceiling fans and fenced courtyard the owners have lived comfortably for many years, with a 6x9m shed with 7x8m carport there is a huge amount of space for parking and storage. If a second property is built on the block this can legally stay as a granny flat for extended family or teenagers. Just minutes to local shops, public boat ramps and Fraser Island barges and 10 minutes to Hervey Bay beaches and shopping. Owner is ready to move on so get in quick!
