\$3,335,000

The location doesn't get any more exclusive than this and these are arguably the most spectacular water views we have ever taken to market. The design of this house has taken full advantage of this incredible outlook so that you not only see the ocean and Broulee Island but also the reserve to the North and East and down to Tomaga River. It is simply delightful. The home itself has a Northerly aspect, is set on three levels, two of which will give you the breathtaking views and has two lounge areas, quality hardwood floors, huge picture windows throughout, slow combustion fireplace, family kitchen and dining area and 2 of the 4 bedrooms have incredible views. Naturally there are two decks so that you can really soak up the ambience and the home is light filled and interesting. The gardens are pretty and blend well with the natural surroundings plus there is a veggie garden. The 4 car garage is long enough to house a small boat. Book for an inspection.
