"Discover unparalleled tranquillity in one of Darwin's premier luxury apartment buildings, offering not just breathtaking harbour views but also the serene cultural significance of overlooking the Chinese temple. Embrace the serenity of this executive apartment where peace and privacy are guaranteed with only two apartments per floor. Indulge in the quiet comforts of this five-star complex, featuring a pool, gym, multi-purpose function room, and children's playground, all within easy reach of Darwin CBD amenities including the mall and waterfront. This exquisite three-bedroom, two-bathroom apartment on the sixteenth floor offers a haven of quiet enjoyment. Relish in the spacious open-plan living/dining area with seamless balcony access, perfect for tranquil evenings or entertaining guests. The water-view corner balcony provides a serene backdrop for relaxation. Take your pick of the sunrise balcony or the sunset balcony the choice is yours and they both have sea views. Immerse yourself in the gourmet kitchen with stone benchtops and large pantry, while the dedicated study space offers a secluded retreat. The stylish master bedroom boasts a luxurious designer ensuite, and built-in robes adorn the large second and third bedrooms. Every detail of this harbour-view apartment exudes luxury and comfort, whether as an executive residence or high-end Airbnb investment. Revel in the wall-to-wall harbour views from the main living area, or unwind in the premium modern kitchen. This meticulously designed apartment features air conditioning throughout, an internal laundry, and two storerooms for added convenience. Secure parking for two cars is provided in the exclusive resort-style complex, comprising just 36 apartments across 20 storeys. With two storerooms one conveniently off the main balcony for storm storage the other adjacent to your carpark an ideal workshop or extra storage. Opportunities to own a piece of this coveted CBD complex are rare. Don't miss your chance to experience quiet luxury living at its finest, with the added view security and cultural significance of overlooking the Chinese temple.
