This lovely home has a generous wide corner balcony which is great for friendly socialisation with neighbours who are enjoying their morning and afternoon walks. Throughout this home there is definite evidence of pride of ownership and presentation. The kitchen has been modernised and there are the drawers, new cupboard doors and plenty of bench space and cupboards. An electric oven, rangehood and cooktop for the chef of the household and the design of this kitchen allows the Chef to join in the conversation whilst creating super culinary delights - an open plan kitchen and living area and the home is light bright and airy. Nicely presented and so well maintained means that you could move in and enjoy living in House 165 prior to making any personal changes as this design is well thought out and works well. There really is nothing to be spent unless for personal taste changes. The 2 bedrooms have built in wardrobes, ceiling fans and plenty of natural light through the large windows. The bedrooms are separated by the large bathroom with separate bath and shower. A 2nd toilet / powder room is located in the separate laundry area. There is an auto door opening into the carport and which leads out around the house to the 2 sheds and side gate. Are you looking for a nice home to move into after selling the family home then this could be your best choice for your next home.
