Allison Vinckier

\$685,000

Situated approximately 20 minutes from Gatton in the picturesque Mt Whitestone Valley is this incredible lifestyle acreage property. The spacious 4 bedroom Queenslander has a charm that only a Queenslander can have and ideally faces the North for the most stunning scenic views. The home has gloriously high ceilings, casements windows and French doors opening to the verandah that are the calling cards of a Queenslander, and with 4 roomy bedrooms, a truly expansive central lounge room with wood heater, and kitchen with a Crown stove in the old stove recess, it has the potential to be lovingly restored to its original glory. There is a separate dining area and modernised bathroom, and with 4 ceiling fans, an elevated floor height to catch breezes and views as well as wide verandahs on 2 sides, this home is full of character and just so liveable! Downstairs is completely concreted and also houses the 2nd bathroom which is a great place to clean off or cool down if you have been working outside. Under the house is another parking area suitable for a small to medium vehicle. The fully fenced house yard also has the 4 bay car/machinery shed with 3 concreted bays and unsealed bay, 4 rainwater tanks with adjacent old dairy and cattle yards at the back adjoining the fully fenced paddock with 4WD tracks. There are 4 dams in total - 1 in each of the 2 small paddocks near to the house yard and 2 in the larger fenced paddock that forms the remainder of the acreage. The property has been established to run stock originally and therefore is currently registered for GST. Acreage lifestyle properties like this one are in short supply, so call Allison Vinckier to arrange your viewing on 0423 301 315.
