\$370,000

Looking for that property that provides low maintenance living in a good street! Then cast your eyes across this well presented home in Maffra. Set on approximately 344m² there is little maintenance bar mowing the front nature strip, as the remaining grounds are chipped gardens. The three bedroom home is as neat as the day it was built in 2008. A simple yet functional design with a delightful open plan, whilst all the bedrooms surround the modern bathroom. Lovely timber floorboards throughout give the layout a stylish look along with the north facing kitchen and the adjoining verandah to enjoy a cuppa in the morning or your favourite glass of wine in the evening. The heating and cooling is well taken care of with a gas heater along with two reverse cycle units as well. A garden shed for the bare essentials and a single carport for your vehicle. This property is as neat as pin in great area of Maffra and is perfect for an investment or to owner occupy.
