Unique, stylish and unlike anything else you will have seen, this one-of-a-kind, Torrens Title home represents a fantastic architectural achievement. Effortlessly combining form & function with a touch of eccentricity, the home offers a clever use of glass and skylights to allow light and sunshine to fill the home. Split levels, mezzanines, raked ceilings and loft rooms all add to the distinctive feel of this property and add to its unmistakable character. The open plan living and dining area flows easily to the private sun-soaked timber decks and sparkling in ground plunge pool. There is also a huge lock up garage, great storage, and a full laundry with private drying area. The home offers a sensationally central location close to beautiful parkland, schools, transport, and North Sydney CBD. Don't miss this exciting opportunity.
