Loved for its light filled layout and lifestyle location, this low-maintenance apartment provides the perfect setting for first home buyers, couples and downsizers to enter the market and simply move in and live a life of ease. Inside the apartment's zoned layout offers a wonderful sense of space with the lounge and dining room enriched with high ceilings and extending out onto a delightful balcony where you can relax with your morning coffee. The separate kitchen provides a contemporary tone with sleek flooring and plenty of cupboard and bench space, while stainless steel splashbacks are matched with stainless steel appliances including a gas stove, oven and dishwasher. In the bedroom you'll be delighted to find mirrored built-in-robos, accompanied by a bathroom complete with a vanity, bathtub, shower, toilet and laundry taps. Adding further appeal, the apartment boasts intercom entry, a cloak closet plus a gated driveway and allocated parking space to use (Not Titled - Owned by Body Corporation). Ideally situated across from Alma Park and close to The Astor Theatre, Windsor Station, Chapel St shops and restaurants, Prahran Market, Albert Park Lake and beaches.
