\$515,000

Peacefully situated at the rear of a well-maintained complex, and less than 600m easy stroll to Gosford waterfront parklands and Central Coast Stadium, this rare garden apartment offers both ultimate convenience to nearby attractions and the space to stretch out and relax in your own grassy backyard when you're at home. Immaculately presented throughout, with fresh paint and carpet, you can move in immediately and begin enjoying the popular waterside lifestyle. Young families, first home buyers, downsizers and fur parents alike will love the spacious floorplan with two living spaces, as well as a covered outdoor entertaining that flows effortlessly outwards to the backyard. Busy professionals will love the easy walk to Gosford CBD and train station, as well as the convenient access to the M1 Motorway which, when combined with the new North Connex tunnel, means you'll be in the heart of Sydney in under an hour. The main bedroom with ensuite offers excellent separation from the 2nd bedroom, which itself enjoys direct access to the backyard, which when combined with the two living areas and two separate outdoor spaces, makes this an ideal option for sharing with friends, family or roommates. A single lock up garage is another rare feature in apartment living, and means you'll never want for storage space. With attractive features and a walk to everything location, plus a great value price point, there really is nothing not to love about this neatly presented garden apartment!
