\$595,000 - \$625,000

This modern brick home was constructed in 2011 on a gorgeously oversized block of 810m². The lounge room captures a lovely outlook with three large windows and is the heart of the home. The dining space leads seamlessly to a great sized deck, just perfect for eating outside. With lots of lovely natives in the garden and some thriving raised vegie beds, the landscape design requires little maintenance, whilst creating a tranquil space to be. With three bedrooms, the master has an ensuite; the main bathroom features a bath. The generous laundry is super functional and completes the user-friendly floorplan. With tenants in place until mid-December, if it's an investment you're after, these guys would love to stay on for another 12 months. Minutes from Riverside Shopping Centre and quality schools, this home is warm and inviting and won't last long.
