Price Guide \$699,000 - \$749,000

Great opportunity to buy and affordable home in Agnes. For the investor permanent rental demand is very high and premium rents are being achieved with that expected to continue. For families with a pet this great package sits near the end of a cul-de-sac, in a great street with large allotments and nice homes. For retirees this awesome little package is a walk to the town beach shops school, tavern and medical. Just over half of the site has been developed with room to add additional accommodation, a pool or gardens. The north facing veranda is perfect to relax on in the wintertime and shaded in the summer. Built by home by Bright life Homes Agnes Water the property presents beautifully. Currently rented for \$550.00 per week
