When location is paramount the location of this beautiful and affordable building parcel covers off on so many aspects.

The close proximity to the main street of Somerset's village feel shopping precinct, medical centre and pharmacy, Somerset swimming and pet exercise beaches, river walkways to name a few.

A piece of land in a no through traffic location keeps the peace and quiet to a maximum.

The aspect and orientation to the north and making the most of your early morning and late afternoon sunshine, will add the efficiency of your well designed home.

Considering downsizing from that rural location?

Recently retired from the trade but want a project to fill in your days?

Relocating to Tasmania and searching for a parcel of land that is not exorbitant in price?

Maybe build a couple of duplex/townhouses or just a quaint home built with solar passive values, giving you the spare income to pursue your interests or to further invest.

An opportunity awaits to buy and hold as a safe investment, real estate has always been the go to, global financial markets may crash but this land provides a great opportunity moving forward to appreciate in value as it has done so over the years prior.
