Mirage house is an architecturally designed 7.5 star net zero home. This special home acted as inspiration for many homes built there after by Mirage Homes. The home is beautifully complemented by interior and landscape design which embodies the holistic approach to a whole site solution with every detail being carefully considered. Concrete floors are finished with Low VOC oils make the most of the passive design elements that keep the home warm in winter and cool in summer. UPVC double glazed windows and doors throughout are complemented with heavy insulation and a focus on air tightness make this home a quiet and comfortable home to live in year round. The home is all electric with the following features:- 6Kw solar system- Electric heat pump - Miele appliances with induction cooking- Electric under floor heating system to both living areas - RC Ducted AC- Intercom- Alarm- Watering system This healthy home really needs to be experienced and is like very few others in Adelaide, a truly unique offering.
