Sitting wide and proud at the front of its 1/4 acre allotment, this elegant home is spacious inside and out, well-maintained, and has an amazing view. Designed with family needs in mind, there are multiple living areas providing lots of space to spread out and play, relax, or entertain. Lovely floors flow throughout with a balance of formal and casual zones, the largest living area framing the view of Mount Dandenong, and you'll be comforted by ducted heating, evaporative cooling, and the coziness of the wood fire. The beautifully renovated central kitchen with Miele and Electrolux appliances services the formal dining, meals, and the outdoor deck. There are four zoned bedrooms (master at the front with ensuite and walk-in robe), a big family bathroom, and a laundry. Step out onto the covered deck to relax while the kids run wild in the big backyard below. Easy care gardens make way for games of backyard cricket and footy, and for dog zoomies, and you may even have visions of adding a swimming pool. Also with a triple garage with rear roller and internal access and plenty of driveway parking area, large storage shed at the back, raised vegetable beds, and sub-floor storage, and a walk-to-school position within the popular Rolling Hills Estate. SMS '17CHER' to 0488 824 387 for more information.
