The Craig Harper Team would like to introduce you to 17 Galahad Street, Marsden. This lowset brick home which sits on a huge, fully fenced 1449sqm block, offers loads of opportunity. Given the location and size, you could move in, subdivide or add this to your rental portfolio. There is dual street frontage with an unsealed road at the rear, perfect for those needing extra access for boats and caravans and its flood free. Step through the front door where you will find tiled living areas for easy cleaning and maintenance. The massive air conditioned lounge room with ceiling fan will keep you cool or cozy all year round. There's even a separate dining and family room, which will accommodate all those family get togethers. The kitchen is spacious, with plenty of cupboard and preparation space, pantry, separate oven and cook top and a space for a dishwasher. There are 4 generous sized bedrooms. The master boasts an ensuite, walk through robe, ceiling fan and air conditioning. The other 3 bedrooms are of great size and all have built ins and ceilings fans. In addition to the 4 bedrooms, there is a rumpus room with storage cupboards and ceiling fan and a study which could be utilized as a 5th bedroom. The main bathroom has a separate toilet, and the oversized laundry offers ample storage space. There are security screens all round. A covered, gated tandem double carport at the front of the property with additional car parking space will keep all your vehicles off the road. Or this space could be used for entertaining family and friends when not in use. Enter the back area from the kitchen where you will find another form of access, and covered, concreted area. Wonder down to the back yard where you will find a garden shed and another shed which could be used as a workshop or set up a small business. There's even an additional 2 covered car parking spaces. All this and so much more is just minutes to local child care centres primary and high schools, public transport and an array of shopping centres and eateries. There's even a bus stop just 450m at the end of the street. This one will not disappoint and you will be kicking yourself if you let this one get away. So don't delay, call Craig today and book your inspection.
