Positioned East of Oxley Avenue and just 200 meters to the water, this one is a rare gem – much more than expected! The current owners have meticulously maintained the property for the past 30 years and will be sad to leave. Every tiny detail has been considered to make this a modern and comfortable home to enjoy, while still being sympathetic to the classic and appealing original character. The property sits on an elevated and fully fenced 405sqm block and boast a lovely spacious home plus a detached, self-contained granny flat. The owners have put considerable time, attention, and thought into the home and it is a lovely place to be. The granny flat was purpose built for an elderly family member who sadly never got the opportunity to use it. As a result, despite being built in 2019, it is still brand new. If you are looking for the perfect home to live in while an elderly family member or independent child lives out the back this is perfect. Alternatively, the rear property provides an excellent opportunity for dual income or the home business.
