**From \$925,000**

This outstanding home is positioned in a tightly held, and ever so quiet cul-de-sac near the pristine waters of Wilson Inlet. The home is expansive, and offers a multitude of options. Four dedicated bedrooms are joined by a home theatre and office - both of which could be used as bedrooms. The main bedroom is super-sized, with a walk in robe and generous en-suite. The main living area is ever so spacious, with the large and open plan kitchen/dining and lounge room all enjoying the benefit of new and upgraded LED lighting. Offering even more space, and also under the main roof is the atrium/alfresco area complete with a recently serviced pool with a swim-jet system and a heated spa. This area catches that valuable winter sun, and is where countless hours of fun and relaxation are sure to be had. To the rear of the 1181sqm block, a good sized shed with power is available, while a sealed driveway leads to the double garage with remote access roller door. This property has undergone a range of improvements recently, and combined with quality appliances and high spec fittings throughout, offers a great opportunity to secure a grand residence without the extended time frame and rising costs of building from scratch. Please contact Andrew Barrow on 0409081075 for further details.
