\$1,190,000

This sensational contemporary residence has been intelligently designed for a modern family lifestyle with expansive interior dimensions providing a seamless connection to a north-facing alfresco setting. As you enter the house you are welcomed into an open plan living & dining domain flooded with natural light. It is designed to be spacious and comfortable, creating an inviting atmosphere for gatherings and relaxation. The interior palette is purposefully minimalistic and elegant, allowing the rich natural textures of the hardwood flooring to animate the space. The courtyard takes full advantage of its north-facing orientation, while linking through bi-fold doors with the main living zones. A space where families can come together, the gourmet kitchen is dressed in stone and accompanied by bespoke cabinetry, a walk-in pantry, quality appliances, and central serving island with breakfast bar. A discreetly positioned master bedroom with WIR & ensuite on the ground floor is joined above by two bedrooms with BIR, a study, a family bathroom, and upstairs gallery. Further features include stairwell storage, internal access parking, living room fireplace, vogue floor-to-ceiling tiling, and a main bathroom tub. Adjoining Flinders Park and walking distance to the Botanic Gardens, this property places the Peninsula hospital, Main Street shops, Mornington SC, and Mornington foreshore within immediate reach.
