For years the locals and visitors alike have been asking questions as to when 17 Phillip Drive, South West Rocks would be for sale. Well now it is and it will be auctioned to settle an estate. It is the prime renovator, worst house in the best street, great location, good block of land, all of the above. The home is in a state of repair but the land and location just don't get much better. Bring your tool box and nail bag and attend the auction.
