From the moment you step into this immaculately maintained storybook style 3-bedroom home, you'll discover it has something for everyone. Nestled in the heart of a peaceful suburb, this is the perfect place to raise your family, or simply downsize. Lofty ceilings throughout add a feeling of space, while still being warm and welcoming in this quintessentially Australian home. The larger of the two separate living areas is combined with an open-plan dining space that borders the kitchen, a well designed space with large wraparound bench tops featuring a breakfast bar, double sink, glass cook top/oven and plenty of storage. 3 generously sized bedrooms feature built-in wardrobes to two rooms, plantation shutters and a split system air conditioner. Step out to a covered patio and deck with a swimming pool built-in, and you'll find there is everything you could want for fun with family and friends. At the back of the block is a huge double garage with rear access via the driveway that spans the block's length. Whether you need space for a trailer or boat, additional storage or just a place to park the weekend driver, this property has you covered. Coupled with the separate garage at the front of home, you'll be spoilt for choice. Just off the rear garage the opportunity to entertain continues with a spacious covered BBQ/bar area boasting hardwood flooring and electricity and water connections.
