This spectacular townhouse sits proudly in a prime location, just seconds from the waterfront. Stunning views across the Derwent River to Hobart's CBD and Mt Wellington/Kunanyi. Spacious, luxurious and meticulously constructed which is evident the moment you approach. Although a Strata Title, this villa shares no common ground. Offering three spacious bedrooms, walk in robes and a large ensuite with a 'resort feel' finish. The addition of a media room could easily be utilised as a fourth bedroom, rumpus or home office. These rooms open out onto sun drenched courtyards, imagine entertaining in these spaces! An edgy, state of the art kitchen is the heart beating heart of this gorgeous townhouse and share their space with open plan living areas and uninterrupted water and mountain views. The low maintenance grounds are aided with the convenience of a watering system. Every inch of this home will impress you, inside and out.
