The immaculate original interiors provide an inspirational canvas for keen renovators. The generous living room overlooks the leafy front yard, while the retro dining/kitchen zone is well equipped with all cooking appliances. Two bedrooms (both with built-in robes) are serviced by the bathroom. A gas wall heater keeps you cosy during the cooler months. Mature trees surround the secure backyard, which creates a wealth of space for the whole family to enjoy. You'll love that fruit trees invite you to enjoy fresh produce straight from the branch. Ample off-street parking including a double car lock-up garage is a standout feature of the property. The wide driveway provides backyard vehicle access, where there is plenty of room for boat/caravan storage. The oversized single garage features a built-in workbench. This tree-lined street places you a short walk to public transport, the local childcare centre and Northern Bay College (Tallis St Campus). Easy access to the Ring Road keeps you connected to Melbourne. - Perfectly packaged on 569m² (approx.) - Same owner for the life of the property - Two generous bedrooms both with built-in robes - Close proximity to Geelong CBD, Princes Highway, shops, public transport and schools - Double car lock-up garage - Long and wide driveway provides additional storage and off-street parking
