ESR: \$1,200,000 - \$1,300,000

Nestled in a setting of serenity and seclusion, yet enjoying all the convenience of Diamond Creek township, including the station, shops, dining and entertainment options, just minutes away, this warm, welcoming, much-loved home on a 5-acre allotment (approx.) delivers a superb escape for today, with impressive promise for tomorrow! Set at the end of a long winding driveway and perfectly positioned to make the most of the rural outlook without any neighbours in sight, the main house offers a spacious living-meals, sweeping around to a solid timber kitchen. It steps out to an alfresco area paved in reclaimed bricks, complete with a BBQ and overlooking a water feature...all backdropped by a relaxing outlook that seems to stretch forever. Thoughtfully zoned away from the living spaces are the three bedrooms. Two share the family bathroom, while the main introduces a spacious parental retreat and an indulgent spa ensuite. A second self-contained studio supplements the main house and offers options for teens, multi-generational living, and long—or short-term guests. Adding to the appeal are two dams, shedding and a four-car garage. Fitted with workbenches and shelving, it features dual roller doors at the front and yet another roller door at the rear. Completely comfortable, astute buyers could look to seize the opportunity and build upon the current spaces and create something extraordinary. With room for a tennis court, pool and stunning alfresco area, along with the shed for the work equipment (all stca) ...and space for that pony and mini-bike you've been promising, it's an opportunity not to be missed. *****PHOTO ID REQUIRED AT OPEN FOR INSPECTIONS*****
