\$640,000

Conveniently located within metres of CBD this quality built townhouse was constructed by Considine and Johnston and is still in fantastic condition in and out !Offering sunny Northern aspect, large open plan living zone, bright, modern kitchen, 2 double bedrooms (Master ensuite), study, main bathroom and separate laundry. There is a warm private courtyard opening off the living area, direct access to home from generous single garage with auto door, fully paved rear area and lovely sheltered front garden with mod grass and terrific rural outlook. Units of this quality and condition are very hard to find so be quick to look...our vendors are offering a very short settlement if required too.
