\$1,480,000 - \$1,520,000

Scaled up, optioned up and situated at the gateway to Moorabbin Reserve, this is prestige living to suit a big, busy life ...and more! With more accommodation in master-suites upstairs and down, and more living across three versatile zones, this impressive four bedroom, 3.5 bathroom home has more to love at every turn. Up-scale by design with a quiet sitting-room/home-office, an expansive family zone and a first-floor lounge, this impressive home even has more outdoors with at least two car parking including an auto-garage, and a decked and lawned backyard in generous approx 372sqm grounds. In this high-quality specification, there's a vast butler's pantry (more like a caterer's kitchen) for the prestige family kitchen, and more than enough luxury in fully-tiled bathrooms - including main with freestanding bath and powder-room. Adding extras all around, from a high-intensity induction cooktop, to individual reverse-cycle climate-control for every room, to two walk-in robes, this well-appointed home features cool stone benchtops (even for the butlers' pantry and laundry), textural oak floors plus the plushiest charcoal carpets, and twice the window furnishing with dual day-night blinds. Even the location offers more - just three doors from Moorabbin Reserve, half a dozen blocks to the retail, restaurants and transport hub, and minutes to Southland and bay beaches.
