A beautiful way to begin or a brilliant way to invest - this bright one bedroom apartment's exceptional modern spaces offer an ideal balance of indoor desirability and balcony dimensions. The living/dining area's easy flow to a substantial balcony enhances a sense of size that's complemented by the clever galley format of a kitchen where stone benches and stainless steel appliances function with elegant efficiency. The double bedroom, with built-in robes, features sliding glass doors that create a link to the living domain and deliver a supply of sunshine while the semi ensuite bathroom serves in style. Secure garaging and a storage locker add to the appeal, conveniently close to bus routes, tram travel and Highpoint Shopping Centre.
