\$490,000

With exceptional city views and abundant natural light, this smart and spacious standout presents a coveted lifestyle or investment opportunity atop the revered and historic Richmond Hill. Centred on a considerable living/dining area, an airy interior features a generous bedroom with large robe, and sizeable ensuite combining bath/shower and internal laundry facilities. Maximising elevation and position, the spectacular views of the MCG and city skyline present an ever-changing backdrop for time spent relaxing, entertaining, or working from home. A wall-mirror reflects the view, and to darken, there's a motorised canvas awning and full-window block-out blinds. With options to refresh or reconfigure, move in and enjoy immediately, or capitalise on thriving rents, highlights include a storage-rich kitchen, reverse-cycle heating and cooling, NBN, a car space, and security entry to the eighteen-unit complex. Situated by the relaxing Richmond Terrace pocket park, it's mere steps from the flourishing shops, cafés, restaurants, and nightlife of Swan Street and Bridge Road, while Chapel Street, Melbourne Park, and the city centre sit an easy bicycle or tram ride away.
